Flower to Compost

Sonalika under their project Swachh Dhara (sanitation and water) installed an electric automatic Bio-Degradable Food Decomposer ("Decomposer") at Shri Jagganath Temple, Hauz Khas, New Delhi as a step to spread awareness about decomposition of bio-degradable waste in association with Angelique Foundation. The Decomposer at Shri Jagganath temple daily converts bio-degradable waste and temple flowers into organic compost. Hon'ble Member of Parliament Ms Meenakshi Lekhi has extended support to the initiative at the event with Dr Deepak Mittal, Managing Director, Sonalika Group.

On the occasion, Dr Mittal said that "We constantly strive to protect the environment through our various environmental and cleanliness initiatives at Sonalika. It is our prime duty to keep our city clean, by providing Decomposer in Iskcon this is one of the many steps Sonalika is taking in this regard while providing the De-composter for recycling biodegradable waste of religious shrines we follow and support our honourable Prime Minister's Swachh Bharat Mission. We are proud to be associated with MP Mrs Meenakshi Lekhi's mission in keeping the city clean and also it is great associating with Angelique Foundation for this cause."

Sonalika CSR's Karnal School Visit

Continuing on its mission to spread the joy of learning among underprivileged children, the Sonalika CSR team visited government schools in Karnal to distributed notebooks and diaries to the students. The event held under the aegis of its Kilkari Initiative, which aims to support and empower children through education, brought smiles all around.

Children's Day

Sonalika celebrated Children's day at Umdah Academy which is a remedial education art, and culture center at Noor Nagar slum Jamia. The day was packed with laughter and fun which was our only goal for the day. The team, along with kids had a gala time playing games, clicking pictures, distributing goodies and eating cake.

Navjyoti Foundation

The Sonalika CSR team visited SHG women at Abhaypur, sohna block run by Navjyoti Foundation. The team met the women and did brain storming and discussed many aspects like book keeping, new ideas for doll making, and plans regarding garment manufacturing. There was hearty and enthusiastic participation from the CSR team as well as the women of SHG. Once again, a positive step was taken in the direction of female empowerment in India.

Sonalika CSR Shares Expertise with NIFTEM Students

The Sonalika CSR team was invited to the National Institute of Food Technology Entrepreneurship and Management (NIFTEM) to share its expertise on Crop Residue Management with the final year B.Tech and M.Tech students on 21st November. The team shared their experiences, and invited the students to jointly work in 26 villages on this project. The team shed light on the work they were doing with farmers and actively participated in an interactive session that was highly appreciated by the students.

Uniting for a Swach Bharat

The Sonalika CSR team, which undertakes the Swach Dhara initiative, was invited by the Haryana government to attend a specially organised event to celebrate Gurupurab, the birth anniversary of the first Sikh guru, Guru Nanak. The event, held on 22 November in Karnal, was attended by ministers, local government officials and respected political and religious leaders who all came together to light 21,000 diyas and pledged to continue to work towards the Swach Bharat Mission and make Karnal city cleaner and greener. Sonalika CSR's Swach Dhara initiative promotes responsible solid waste disposal and recycling and provides temples of Delhi with waste composting machines.

Crop Residue Management

Sonalika CSR under the initiative of Crop Residue Management, works to give back to the agricultural community, which the company is closely associated with by providing them with alternatives and education to avoid stubble burning. The stubble no longer needs to be burned after the crop is harvested saving air pollution, diesel and water for the farmers. Sonalika CSR has adopted various villages in the Haryana district. In continuation with the work that we have been doing for our 25 villages, here's a glimpse of the impact that has been created on the lives of these farmers and their contribution towards the environment.
