Sonalika CSR is at the forefront of empowering women in agriculture through the Agricultural Enhancement Project in Uttar Pradesh. Our Custom Hiring Centers are exclusively managed by village women, providing essential agricultural equipment to local farmers.

Sonalika CSR is helping farmers in Uttar Pradesh by bringing back traditional 'Chopal' meetings. Here, farmers from 15 panchayats discuss their best practices, helping members boost yields, cut cultivation costs, and more.

Building Bridges to Knowledge

Sonalika CSR continues its commitment to education with a transformative project in Uttar Pradesh. In collaboration with local communities, we have established Sonalika Gurukul Centers with educational resources, and skill development programs. We at Sonalika CSR strive to lay the foundation for a brighter and more prosperous future.

“

My name is Sakshi, and I'm 7 years old. I live in Seemant Vihar, Ghaziabad. Last year, I started going to Sonalika Gurukul Center because I hadn't been to school before that. I didn't know how to read or write, but at Sonalika Gurukul, I learned so many new things. My teacher even helped me enroll in the nearby government school. Now, I love going to school and learning even more at Sonalika Gurukul
